

Occasionally, I am able to nominate students for the Congressional Page Program. This program allows students to live, learn and work in the House of Representatives and Washington, DC. High school juniors who have a 3.0 or better GPA in core academic subjects are eligible to become Congressional Pages. Please [click here](#) to learn more information about the Congressional Page Program.

If you are interested in becoming a Congressional Page, please feel free to contact me at my Washington office at 202-225-5801.
